Andratx Area Information

Leisure Pursuits In Andratx

There are facilities for most water sports locally and the hire of boats to go out fishing is also possible. Fishing along the rocky coast is also popular and there are diving schools where equipment and tuition is organized, single diving trips can also be arranged.

There are many golf courses close by with the superb course at camp de mar only being a 5 minute drive from Andratx.

Although this is a harbour and does not have a beach, there are areas around the rocky coastline to bathe and in addition to this a very short drive will bring you to some lovely sandy beaches, for example at St Elm, which is a very pretty and charming little coastal resort, a blue flag beach with many excellent facilities, including disabled access. Opposite the beach lies "dragonera" island, making this ideal for snorkelling and diving.
